SUNBUGGY GROUP EVENTS

INTRODUCTION

SunBuggy Fun Rentals provides the ultimate memorable off-road experience. We have adventures ranging from a casual ride through a beautiful protected state park at the Valley of Fire to a high-speed romp through technical and challenging terrain at the Vegas dunes to a day on the biggest dunes in North America at Amargosa. We've been building our own design dune buggies for years, and through much refinement and constant 365 days a year, our design has become very refined and dialed in for the type of terrain you'll be traversing.

Our buggies provide an exciting yet safer alternative to riding 4-wheelers (ATVs), each with 4-point racing-style seat belts and a fully reinforced roll cage. You cannot "fall off" of our buggies. These vehicles are low to the ground and very stable, making for a thrilling ride as you can push the limits.

Beyond our adventures available for individuals, couples, and families, SunBuggy can orchestrate unique events for large groups. We've become very popular with event planners as no other driving experience can provide the seat time that SunBuggy does due to our vast fleet of vehicles, large full-time, knowledgeable staff, and a 15,000-acre playground only 15 minutes from the Las Vegas Strip. Our Mini Baja Chase and Timed Lap Desert Event can be organized in several different fashions to accomplish the goals set for your event, such as

- **Team Building**
- **Incentive**
- **Competitions**
- **Dealer Client teams against each other**
- **Sales against Marketing**
- **East Coast versus West Coast divisions**

People who've already had a SunBuggy Fun Rentals Adventure make it a regular part of their Las Vegas visit many have stated that they can't picture coming to Las Vegas without "Doing the Buggies." Yes, it's that good. SunBuggy Fun Rentals has a HUGE fleet of buggies and operates 365 days a year with hotel pickup every hour. We've got a buggy waiting for you any day of the week, whenever you want to go.

Our ability to provide more seat time to your larger groups is unmatched. Bring your corporate team or favorite group of clients out for a desert adventure they'll never forget, and you'll be loved forever.

Browse this catalog to find the adventure that's just your speed, and call our office to book a SunBuggy adventure.

CUSTOM FABRICATED OFF-ROAD MACHINES

At SunBuggy, we build our vehicles. These tubular steel frames are bent and welded in our 36,000-square-foot fabrication facility at the world-famous Las Vegas Motor Speedway. We design these mean machines for optimal performance in the rugged terrain of the high desert surrounding Las Vegas. While they are built to be nimble, high-performance off-road machines, they are also sturdy and very stable. We make them light, low to the ground, and with a horsepower-to-weight ratio optimal for high desert terrain.

Once the frames are welded together, we add a suspension that we design specifically for the buggy it will be on. It's an independent four-wheel suspension with just enough travel to absorb shocks from the rocky terrain yet remain responsive and highly maneuverable. On the front are an upper and lower wishbone setup with high-performance off-road coil over gas shocks. The rear uses the famously strong yet lightweight off-road setup, a 4-link swing-arm, and a high-performance off-road coil over gas shocks. Our Dunies drive these daily, all day, and provide constant feedback that helps us get these vehicles in the optimal configuration for your adventure.

After suspension, add a motor. These are air and oil-cooled V-twin engines that are light but powerful. Finally, the disc brakes, bucket seats, racing-style harnesses, and steering are installed, and it's ready for fun! We typically build 1- and 2-seat buggies but have 4, 5, and even 6-seat buggies for families or larger groups. Our fleet represents the diversity of the venues at which we facilitate adventures!

SunBuggy desert racers feature a specially designed Continuously Variable Transmission, which means you're always in the right gear! Because of the stable design, lightweight, and unique high-performance drive system, SunBuggy Desert Racers are easy to drive with only gas, brake, and steering, just like your automatic car. The low unsprung weight means great responsive handling and a smooth ride. Because these vehicles are tuned for taming this terrain, you don't need to be an expert to enjoy the rush of a Baja-Racing style off-road racing experience.

In Summary, because our vehicles are not built in a cookie-cutter factory, we don't have to make the same compromises as mass-produced cars. You'll be driving something specifically designed from the ground up to thrill.

Enter the world of custom off-road machinery...

THE WHOLE PACKAGE

Some of the things to consider when going on this type of excursion are:

- How far do I have to go to get there?
- What do I need to bring?
- Will I need special training?
- How am I supposed to find my way around in the desert?
- Who are these people taking me to a remote desert location?

With SunBuggy Fun Rentals, the answer is: Don't worry, we've got you covered! SunBuggy Fun Rentals is an organization of dedicated people with the primary objective of providing the finest off-road adventure experience anywhere. While many "Tour Companies" consist of 2 guys and a truck with a few 4-wheelers (ATVs) on the back, SunBuggy Fun Rentals has a huge staff of people who not only love what they do but also receive specialized training in their areas of expertise.

Our Desert Guides, or "Dunies" as we call them, have been well-versed in the art of desert adventure. While we get hundreds of applicants for this coveted job, we narrow it down to just the right individuals to uphold the prized SunBuggy experience. Many of our Dunies come to us with a background in racing, and all become trained to conduct complete vehicle inspections to ensure that your SunBuggy Desert Racer is always properly prepped and running at optimum performance.

Our fleet of shuttles will pick you up wherever you stay in the Las Vegas area, just by yourself or with 500 of your closest friends. Don't worry about cab fare; excursions from our Las Vegas facility include everything you need, so there's nothing extra to worry about. Our eight shuttles are constantly running seven days a week with eight pickup times every day (hourly from 7 am to 3 pm), which means you're never far from the off-road adventure of a lifetime. SunBuggy Fun rentals not only pick up from anywhere on the strip, but we'll come to wherever you are, even if it's off the strip or at a private residence.

We've designed each package around a set rate. This isn't a scenario where you're assaulted with fees for things that should be included. We will ensure your time in the desert is healthy by keeping you hydrated with complimentary ice-cold bottled water. On our longer excursions, we'll also keep you fed with snacks, boxed lunches, or other custom food options we offer for group events.

SunBuggy is the obvious choice for a sure bet on your Las Vegas Visit!

LARGE GROUP EVENTS MAGIC

SunBuggy Fun Rentals is uniquely positioned to cater to larger groups due to a huge fleet of custom-fabricated desert racers, unlike anything you'll find anywhere else. Our current fleet of buggies (over 250 seats and growing) means more seat time and more fun for your clients.

SEAT TIME MATH

Seat time means how much time your clients get to drive or ride in a Dune Buggy. **Do the math:** if you take a group of 100 people to a driving experience with 20 seats available, most of your client's time is spent waiting for their turn to ride. With our huge staff and large fleet of buggies (again, now over 250 seats!) SunBuggy can mobilize enough vehicles to saturate your groups with a high dosage of FUN! At a SunBuggy event, idle time means someone is taking a break to catch their breath or get a snack, not waiting around!

ACCESSIBILITY AND INCLUSION

Suitable for all ages and abilities, SunBuggy always makes sure everyone gets to participate. If a wild chase driving a dune buggy seems too intimidating, more sedate tour options that proceed at a casual pace are always available. For those who don't wish to take the wheel, we even offer Dune Rides on the SunBuggy Tram (like a giant Dune Buggy Bus), so nobody is left behind at our large group events.

SOCIAL AND ENGAGING

Our unique team-building option has your client holding their timed lap event where each participant is involved in running a track. From corner judges to timing to waving the checkered flag, teams are trained to self-organize and shift positions to ensure each member can show their driving skills on the course. Of course, SunBuggy staff are always there to ensure safety protocols are being followed. It's just like going to the races with all the cheering, only better because you know the racers.

CUSTOMIZED AND UNIQUE

SunBuggy will cater to any taste and budget to keep your costs commensurate with your desired experience. The sky's the limit, and if Las Vegas can provide it, we can likely arrange it for you. While most of our Group events are held at the Vegas Dunes 15,000-acre area, due to its proximity to the Las Vegas strip (only 18 miles away), we can hold events at other locations because of our ability to transport buggies to your destination of choice. SunBuggy can even light up the night for your event!

BRANDING YOUR MEMORIES

A favorite option for groups, especially corporate events, is our ability to put your logo on buggies, making great pictures to hang in the office. Beyond your logo on the buggies, we can also provide custom event T-shirts for participants to take away, making for a perfect souvenir. Check out some co-branded buggies from past events (GNP, IMEX, BFGoodrich, CocaCola, Battery Ventures, Oakley):

Take comfort in the fact that we've orchestrated numerous wildly successful events for several clients such as:

- Sony
- Bell Canada
- InMotion
- Deloitte
- General Motors
- IBM
- United Rentals
- Alcatel-Lucent
- Lamborghini
- Cisco
- Discount Tire
- Firestone
- Dunlop
- Nissan
- Johnson Controls
- Equifax
- The Royal Navy
- The Air Force
- Toyota
- SEMA

...and too many others to list

It's important that you know we've been here facilitating Group Event Magic for over 20 years! You can lean on SunBuggys' expertise and experience to show your clients a great time!

REAL CUSTOMER TESTIMONIALS

The following are just a few of the many emails we've received

Subj: **BEST TOUR IN LAS VEGAS!!!!!!!**

Date: 11/12/2006 9:33:09 A.M. Pacific

From: JAY*****

To: Sunbuggyrentals

I've been to Las Vegas about 20 times over the last 15 years. Each time I take a different tour. Last week I rented your dune buggy. I've been a Police Officer for 17 years and have been in many high speed chases. The **dune buggy through the desert was better than any chase I've ever been in!!!** What a blast over the dunes and the razorbacks!! I look forward to this again next June.

Thanks for a great time,

W B*****

After living in Las Vegas for six years, I have finally found a great place to take friends and business associates for an adventure away from the strip. I have been out with your guides five times in the last six months and **each person I have taken has insisted it was the highlight of their trip.** Because you are so close to town SunBuggy is a great way to spend some time outdoors and not have to commit the whole day to the experience. Keep up the fantastic job!!!

Subject: Experience

Scott:

I just wanted to drop an email and thank you and your staff for providing myself and my associate with one hell of an afternoon. Our trip to Vegas started with riding our Harleys from Phoenix to Vegas with the Phoenix leg of the Mopars at the Strip Cruise In. Then we had 3 days of Hot Rods and Drag racing. We thought that was going to be the highlight of our trip however, as great as that was, the Buggy excursion we had with your company was phenomenal. We decided to call upon your services on Sunday mid-morning on a whim and your staff was more than accommodating in getting us set up for the afternoon. From the minute the driver arrived to the time we were dropped back off at our hotel, we were treated as professionally as one could ever expect. You provided transportation to us even though we were 20 miles from your facility. Once we arrived there, the staff were professional and personable. We were offered lunch as well. After the brief but informative orientation, we were taken out to the area and met by additional staff who were just as courteous as everyone else we had encountered previously that day. I believe our guides name was Dustin, and if I am mistaken on his name I apologize however, names were not what we remembered from that afternoon. It was the sheer enjoyment and excitement that we experienced that we remember. What a blast. While safety was the main concern of your staff and specifically your guide, they took the time to make sure we would enjoy our day while keeping ourselves in one piece. **It was the total package for entertainment and an adrenaline rush of serious magnitude. It can't be explained, it has to be experienced.**

On another note, as a business, I must tell you that it was enlightening to see each piece of the puzzle come together as cohesively as it did. It takes the skill and dedication of all team members to pull together as they did, without any delays to speak of and without any customer complaints whatsoever. Well done!!!

Again my thanks, and we're already discussing coming back just for the Amargosa trip and requesting the same guide. And it won't be the last tour we take with you that's for sure.

Subject: fun time
Sun Buggy Rentals,

Had a wonderful time with my daughter's group (Kim G*****) on Friday 3-23-07. I was concerned about being physically able to do this as I'm out of shape & don't handle heat well if I get exerted. THINGS WENT VERY WELL. The guide helped me get strapped in every time we stopped & got out. He helped my daughter get going again every time she got stuck - I didn't have to help at all - which was good for me. I didn't think I would like a guide, but I think it was a better time with one because we didn't have to worry about what was on the other side of a dune or watch much for other groups. He kept the pace up & took us over a lot a ground. He even took us back to get a different buggy when the one I was driving didn't seem to have much power. The next buggy was much better for power. **The money I spent was well worth it.** The pick up & drop off on the strip, along with all the cold water to drink & the sandwiches when done were very much appreciated. Everyone was very accommodating & pleasant to talk to. You have good workers there. **Again, Thank You for a GREAT TIME!!!**

Hey all,

I'm sorry this is coming late (hell of a week so far) but I did want to say thank you very much for helping to create a great event for us and our media guests. **Everyone had a blast, with many of the media saying this was by far the best event they've attended.** I'm almost disappointed because the real buggies just about trumped our game!

But seriously you guys went above and beyond the call of duty to work with us and basically take over the site for the entire day. If we get a MotorStorm 2 I will definitely be back in touch for another event!

Thanks guys,

Alex

Hi Randy,
I am sending out your deposit check today. As of this morning, we have 110 guests signed up for Dune Buggy. I can't believe it. **People are calling and changing the activities they have already signed up for to Dune Buggy.**

IS SUNBUGGY FUN?

[4.9 STARS ON GOOGLE WITH 12,000+ REVIEWS](#)

To achieve such a high rating with so many reviews demonstrates consistency and long-term dedication to excellence in service.

What are you waiting for? Come get yourself some SunBuggy Fun!

A FEW MORE PHOTOS OF SUNBUGGY HAVING FUN!

TEAM BUILDING TIMED LAP EVENT

These are the clients running a timed lap event, themselves, which means recording times, flagging cars on and off the course, corner judges, and helping each other get in and out of the race cars. Of Course, SunBuggy Staff members are on-site to make sure all safety policies and procedures are executed properly. Groups really enjoy the chance to get involved, and appreciate the chance to elect who's going to be in charge of recording lap times!

If you look closely, in the background you'll see a second track running, and near the top right corner you can see the pylons from yet another track. This client had 5 separate divisions each at their own tracks who picked the fastest person from each track to compete in a finals event complete with trophies and prizes.

During the competition at the 5 tracks, we also had the Mini Baja Chase running in 20-minute segments which means everyone is kept busy. If you weren't chasing a guide around the desert, trying to prove your skill on the track, or participating in the actual running of the track, you were cheering your co-workers to victory. Everyone gets to drive buggies and participate in all aspects of the event, and no one sits around waiting.

SunBuggy Fun Rentals has the crew and the specialized support vehicles to make huge events a reality. Not just the SunBuggy Desert Racers themselves, but the trailers, trucks, shuttles, and all the associated vehicles that it takes to support an event in an off-road environment. We typically bring seating, shade tents, food, drinks, and even portable toilets out to the site to ensure that everything you want to spend a few hours playing in the sand is right there with you.

Group Event Pricing

Below is a guideline to assist in pricing in USD for your group event. To get the most out of your time in the desert it's recommended to book the Baja Desert Track and the Mini Baja Chase together as this allows participants to explore the area on the chase and experience the element of competition on the track. Both the Mini Baja Chase and the Baja Desert Track run concurrently. All prices below are listed per person. Groups of over 400 are quoted on a case-by-case basis. This is to give you a general ESTIMATE ONLY; please call for an exact quote.

Availability is 365 days a year.

Group size	Baja desert track	add: Mini Baja Chase*	add: Shuttles	Add: Food**	Add: Logo t-shirts
20-50	169	169	30	20	30
51-80	159	159	25	20	28
81-120	149	149	20	20	25
121-160	129	129	20	20	24
161-220	119	119	20	18	23
221-300	109	109	20	16	20
301-400	99	99	20	15	20
400+++	CALL	CALL	CALL	CALL	CALL

Every event includes safety gear and complimentary bottled water.
Events scheduled on a Saturday or Sunday add an additional 10%

*Mini Baja Chase prices are only when combined with Baja Desert Track.

**Typical food options are hamburgers, hot dogs, fried chicken, and Deli lunch. Other options can be arranged and may be at an additional expense.

Let's make this clear:

365 DAYS A YEAR AVAILABILITY!!!

(PLACE SunBuggy IN EVERY GROUP PROPOSAL YOU SEND OUT; IT'S ALWAYS AVAILABLE!)

SunBuggy, with our huge fleet of vehicles (now over 252 seats and growing), and professional, experienced staff, is able to facilitate large groups at short notice. Of course, we'd rather get your group on the books well beforehand, but if you're showing your clients the town and a vendor tells you..." Sorry, not going to happen," we can bail you out. SunBuggy has often been used to rescue groups from other failed events when plans went south at the last minute. **SunBuggy is an experience unlike anywhere else in the world, which HELPS YOUR PROPOSALS TO STAND OUT** above the regular old Golf, Spa, Go-Karts, Show, and Tour Bus options that everyone has done before. Don't risk upsetting your clients because you didn't let them have the SunBuggy Option.

You definitely don't want to be asked the question:

"Why didn't you let us know about the Buggies?"

HOW MANY BUGGIES DO YOU SEE?

-Answer-

There are more than enough buggies to have adventures for your groups

FROM JUST 1 TO OVER 500 PEOPLE!!!

HOURLY PICKUPS FROM 7 AM TO 5 PM daylight permitting 365 DAYS A YEAR!

DUNES ONLY 15 MINUTES FROM THE LAS VEGAS STRIP

WE NEVER CLOSE! We're ready to thrill NOW!

WARNING: SunBuggy Fun Rentals Desert Adventures are HIGHLY ADDICTIVE and have been proven to cause REPEATED EXCURSIONS and WILD RAVINGS to friends, colleagues, family, and even total strangers. REPEAT VISITS and a recurring DISAPPOINTMENT WITH ORDINARY OFF ROAD MACHINES are common side effects. Totally worth it!
